Project Valuation: \$ _____

Project valuation means the total value of all labor and materials (new or used) for the building and mechanical, plumbing, electrical, gas piping, and other permanent systems, as well as profit and commissions to complete the work for which the building permit is issued.

NOTICE

Registration Stickers are required for electrical, plumbing, and mechanical subcontractors.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. I understand that permits presuming to give authority to violate or cancel the provisions of the above laws and ordinances, or permits issued in error or on the basis of incorrect information supplied, shall be invalid.

HOMEOWNER AFFIDAVIT AND STATEMENT OF UNDERSTANDING

(Please read and then sign below.)

Whenever a homeowner is issued a building permit for any construction within the City, the homeowner listed on the permit carries the responsibility for all of the construction work, and for ensuring that all facets of the project conform to the applicable regulations and code provisions of the City of Commerce City. In addition, the homeowner also carries the responsibility and liability of scheduling and providing necessary access for required inspections. Additional fees may apply for failure to properly schedule inspections. Types of inspections will vary, depending on the scope of work.

City approved plans and the permit card must be kept on the jobsite during construction and be made available to the inspector. The work must be constructed as approved.

If you decide to hire a contractor to perform any portion of the work, the City recommends that the contractor obtain their own permit so the City can verify that the contractor is properly licensed, registered with the City, and has the required liability insurance.

Please sign below to confirm and acknowledge that this is or will be your primary residence, that you will be personally performing the permitted work, and that you understand and agree to the responsibilities of a homeowner when obtaining a homeowner's permit.

DECLARACIÓN JURADA DE LA COMPRESIÓN DE ESTA PETITION

(Leí por favor y entonces firme abajo.)

Siempre que un dueño de una casa es aprobado por un permiso de obras para cualquier construcción dentro de la ciudad, el dueño enumerado en el permiso lleva la responsabilidad de toda la construcción y de asegurarse de que todas las facetas del proyecto se ajustan a las regulaciones aplicables y cifran las provisiones de la Ciudad de Commerce City. Además, el dueño también lleva la responsabilidad de programar y de proporcionar el acceso necesario para las inspecciones requeridas. Honorarios adicionales pueden ser solicitadas por falta de programar correctamente inspecciones. Los tipos de inspecciones variarán dependiendo del alcance del trabajo.

Los planes aprobados y la tarjeta del permiso se deben guardar en el lugar de trabajo durante la construcción y ponerse a disposición del inspector. El trabajo se debe construir según lo aprobado.

Si decides emplear un contratista para realizar cualquier porción del trabajo, la ciudad recomienda que el contratista obtiene su propio permiso así que la ciudad puede verificar que el contratista esté autorizado correctamente con la ciudad, y tenga el seguro de responsabilidad requerida.

Firme por favor abajo para confirmar y para reconocer que ésta es o será su residencia primaria, que realizarás personalmente el trabajo permitido, y que entiendas y convengas las responsabilidades de un dueño al obtener el permiso de un dueño de una casa.
