

PROJECT INFORMATION

Project Name:_____

Permit Number:____

Special Inspections Final Certification Report

Purpose: This form serves as a confirmation that special inspections have been conducted in accordance with a project's Special Inspections & Testing Agreement, Statement of Special Inspections (SSI), and Chapter 17 of the International Building Code (IBC).

Instructions: This form shall be completed by the special inspections engineer of record (SIER) by identifying project information and applicable special inspections activities below. If there were more than one SIER for differing types of special inspections, each SIER shall submit separate versions of this form for their responsible activities. Use the blank rows in the Special Inspections Activity table to identify other special inspections included in the SSI.

_____ Code Edition Year:_____

ck at ly	Activity	IBC Reference	Check all that apply	Activity	IBC Referen
Steel con	struction	1705.2		Spray fire-resistance material	1705.1
Concrete	construction	1705.3		Mastic, intumescent fire-resistance coatings	1705.3
Masonry	construction	1705.4		Exterior Insulation and Finish Systems	1705.3
Wood co	nstruction	1705.5		Fire-resistant penetrations and joints	1705.3
Soils		1705.6		Concrete encased electrode-UFER: (select one)	1705.1
Driven de	eep foundation	1705.7		Embedded 4 AWG minimum conductor	NEC 250.52(A
Cast-in-p	lace deep foundation	1705.8			
Helical pi	le foundation	1705.9			
Fabricate	d items	1705.10			
Seismic r	esistance for MEP components	1705.12.6
