

Who We are: American Bioidentity Inc., dba Colorado Fingerprinting is an approved vendor for the new CABS Digital Fingerprinting Process. American Bioidentity Inc is a wholly-owned subsidiary of the American DataBank Group located in Downtown Denver since 1999. From its Denver headquarters American DataBank has provided background screening and advanced compliance management technology nationwide for over 20 years. As a home-grown Colorado company, Colorado Fingerprinting is committed to your success and the success of the CABS program.

The **Colorado Bureau of Investigation (CBI)** has a new, Statewide Digital Fingerprinting Process known as CABS (Colorado Applicant Background Services) in response to Senate Bill 17-189. Fingerprinting services will be located throughout the State, increasing applicants' ability to obtain fingerprints in a timely manner. These services will also reduce the burden on Law Enforcement agencies as the vendors will electronically transmit the civil fingerprints. The processing time and rejections will decrease tremendously.

Approved Fingerprinting Vendor

How the CABS Program Will Work:

Appointments and online registration are required. The streamlined process looks like this:

1. **Online Registration (required)** - You will register through the online Enrollment Center at www.coloradofingerprinting.com where you will identify yourself and the entity requesting your report.
2. **Convenient Location and Time** - Use the Enrollment Center to select a convenient location, date and time for your appointment.
3. **Payment or Billing Account** - After providing all required information, you can pay with either credit card, money order or provide a billing account number if provided by your requesting institution.
4. **Confirmation** - You receive an appointment confirmation with your "Order Number" by text and by email.
5. **Fingerprinting** - Go to the fingerprint location at your scheduled time. Provide the "Order Number" to the enrollment agent along with your photo ID (drivers license or passport). Your livescan fingerprints, digital photo and digital signature are then captured and submitted to CBI.
6. **Results** - The results are returned by CBI to the entity requesting your report. You can login to the Enrollment Center at any time to see the status of your fingerprint submission.

Please contact CABS 720-292-2722, toll free 833-224-2227 or email info@coloradofingerprinting.com if you have any questions or need assistance.
